Contact information on the last page

I am sure you have noticed the different look to the newsletter...because of my tiny laptop, I was really struggling to get things perfect on such a tiny screen, and finally decided to change the format...the info is still the same, though!

REACHING OUT TO NEW MEMBERS

Each month WIT sends us (your presidents) 3 lists: people in Iowa that have bought a new Winnebago, new WIT members, as well as members who have not renewed. The letters have been updated to reflect current officers and contacts and the membership form has also been updated. Starting with folks who purchased in October and moving forward...we have already seen a few new members and at least 1 renewal! If anyone knows of someone who has purchased a unit and has not been contacted, please send their contact information to Shari Harberts at: psharb818@gmail.com. If any of the local chapters would like to have the list forwarded to them, again, please contact Shari at the above email address. We believe promoting the club is important, because if someone hadn't promoted to us, who of us would be members?!?!?

ATTENTION ARTS & CRAFTS ENTHUSIASTS

*****UPDATE: No one has come forward yet!

In the past we have had an exhibit of people's crafts that highlighted their art at the STATE RALLY. Sonia Page has had the task of making this happen in 2016. Since The Pages are going to be doing other things, she has asked that we find someone to take charge. If this is an area that you would like to see continued, and can help out by doing this, please contact Barb Pitt at bp1748@aol.com. To find out exactly what is required, please contact Sonia. If no one step forward, this may be cancelled as it is not something your presidents can absorb.
